Kensington

SureTrack™ Mouse

K72437AM

Product Description

As stylish as the SureTrack™ mouse is, what really sets it apart is the technology inside. The high-definition optical sensor allows it to track anywhere you work—even on glass. What's more, the SureTrack Mouse connects to your Ultrabook®, MacBook Air® or laptop without monopolizing a valuable USB port because it connects via Bluetooth®. For laptops without Bluetooth, users can connect via a Bluetooth 4 dongle (not included).

Features

- Ultrabook® optimized to track anywhere you work—even on glass
- High-definition optical sensor tracks on the toughest surfaces—even glass
- Connect via Bluetooth® so it won't use up a valuable USB port
- Comfortable, compact shape fits easily in your computer bag
- Left and right buttons, plus center scroll button
- On/off switch plus low battery indicator
